**RE: *In the Matter of the Application of Louisville Gas and Electric Company and  
Kentucky Utilities Company for Authority to Transfer Functional Control of  
Their Transmission System*  
Case No. 2005-00471**

Dear Ms. O'Donnell:

On November 18, 2005, Louisville Gas and Electric Company ("LG&E") and Kentucky Utilities Company ("KU") (collectively the "Companies") filed their application for authority to transfer functional control of their transmission system in the above-referenced proceeding.

In my letter dated March 22, 2006, concerning this proceeding, I advised that on March 17, 2006, the Federal Energy Regulatory Commission ("FERC") issued its Order Conditionally Approving Request to Withdraw from the Midwest ISO, 114 FERC ¶ 61,282. In that order, the FERC conditionally approved the Companies' proposed withdrawal from the Midwest ISO and directed the Companies to make a compliance filing prior to completing their withdrawal.

On April 11, 2006, the Companies filed with the FERC the required compliance filing, a complete electronic copy of which is enclosed on a compact disc. Ten copies of this letter and its enclosure are included for filing with the Commission.

If the Commission has any questions or needs any additional information in connection with its evaluation of the application filed in this proceeding, please contact me at your earliest convenience.

Very truly yours,
